What happens when you have \$25,000 in Robinhood?

When (US +1—(855)—(521)—(5757) US) you have \$25,000 or more in your Robinhood account, you're classified as a **pattern day trader** by FINRA rules. This means you must maintain at least \$25,000 in equity to continue day trading. If your balance falls below, Robinhood (US +1—(855)—(521)—(5757) US) may restrict your trading ability, limiting your ability to make multiple day trades within five business days.

When your (US +1—(855)—(521)—(5757) US) Robinhood account balance reaches \$25,000 or more, you're designated a **pattern day trader** under FINRA rules. This requires maintaining at least \$25,000 in your account to freely execute multiple day (US +1—(855)—(521)—(5757) US) trades. Falling below this amount can lead to trading restrictions, limiting how many day trades you can make (US +1—(855)—(521)—(5757) US) within a rolling five-day period.
